

Ali Prible, O.D.

Dr. Ali (Norton) Prible graduated from Indiana University School of Optometry with her Doctorate of Optometry in 2019. As a student, Dr. Prible was selected as a member of the Gold Key International Optometric Honor Society, which is awarded to the top 3% of upper-classmen who demonstrated outstanding professional and ethical attitude through leadership and service to their class, college, and profession. In 2018 at the American Optometric Association national meeting, Dr. Prible represented the Indiana University School of Optometry in the Essilor Optometry Student Bowl, where she competed against students from the other 22 optometry schools. Upon graduation, she was awarded the Henry Hoffstetter Scholarship, awarded to the Indiana University School of Optometry graduating fourth-year who was voted among classmates for leadership and dedication to the profession of Optometry.

Before attending the Indiana University School of Optometry, Dr. Prible graduated with a Bachelor of Arts from Franklin College where she was a member of the women's soccer team and Pi Beta Phi sorority. Dr. Ali Prible served on two mission trips as an optometry student to provide eye care for underserved Jamaican populations. Dr. Prible held several leadership roles while at IU, including Sports Vision Club President and Volunteer Optometric Services to Humanity (VOSH) President.

As a fourth year in optometry school, Dr. Prible was selected for the prestigious Bascom Palmer Eye Institute rotation in Miami, FL, where she got to spend 6 months observing and learning at the #1 ranked eye hospital in the country. Dr. Prible trained extensively in disease while completing the rotation, and experienced less common ocular diseases and disorders, such as retinitis pigmentosa, achromatopsia, and albinism. While there, she was able to help create a sports vision training program for the University of Miami baseball team. She spent the 2019 spring season with the team, implementing the training program, and watching the team members improve their batting performance substantially.

Dr. Prible completed low vision, neuro-ophthalmic, retinal, and corneal training at the Indiana University Indianapolis Eye Care Center. Dr. Prible also trained in primary care and contact lenses at Marine Corps Base Quantico, providing care for active duty military personnel. She is available to provide general eye care for all age ranges, as well as specialized treatment and management of patients with ocular diseases such as glaucoma, macular degeneration, and diabetic eye disease.

Dr. Prible was raised in Hartford City, Indiana and her brother and parents continues to live and work in Blackford county. In 2020 she married her husband, Tanner Prible, who grew up in neighboring Wells County and works in the agriculture industry. Together, they have one son, Tatum "Tate" Prible. As a family, they enjoy farming, golfing, and spending time with their family and friends. To schedule an appointment with Dr. Prible, please contact one of our offices below:
